

Announcement: Travel Grants for Early Career Scientists to Attend the 30th Meeting of the HSfN

We are excited to announce the availability of a significant number of travel grants for MSc students, PhD candidates, and early post-doctoral fellows, made possible due to the generous support of Regeneron Pharmaceuticals Inc. This initiative aims to support early career scientists by covering their travel and accommodation expenses, enabling them to present their scientific work, either through poster or oral presentations, at the 30th meeting of the Hellenic Society for Neuroscience.

Event Details:

 Date: November 24 - 26, 2023

 Venue: National Centre for Scientific Research "Demokritos", Athens

Travel Grant Details:

 Amount: Between €200 to €300, based on the city of origin.

 Number of Grants: Approximately 30

Eligibility Criteria:

1. Applicants must be the first author of a submitted abstract for either a poster or an oral presentation (deadline for abstract submission: Monday, 16 October 2023).
2. Affiliation must be from a location outside of Athens, Greece.

Application Process:

Interested candidates are kindly requested to forward the following documents in PDF format to Prof. Antonios Stamatakis:

1. Their submitted abstract.
2. Affiliation details/City of origin.
3. A concise two-page CV.

 Email: astam@nurs.uoa.gr

This is a wonderful opportunity to present your work, network with experts in the field, and participate in the 30th meeting of the HSfN. We encourage all eligible early-career scientists to make the most of this offer and look forward to meeting you at the event.

Warm regards,

Panagiotis Politis
Chair of the Organizing Committee
30th Meeting of the Hellenic Society for Neuroscience (HSfN)
